READING COMPREHENSION

5. Where was Marcus hiding during the storm? What does the word 'descended' tell you about where the attic was located?

Answer: Marcus was hiding in the attic. 'Descended' means he moved downward, so the attic must have been above the ground floor -- at a higher level than where he ended up.

6. Give TWO reasons from the passage why food was scarce after the storm.

Answer: 1) The grocery stores were closed. 2) Many neighbors had already left, so fewer people were around to share or help with food.

7. The author says Marcus was 'relentless.' What does this show you about the kind of person Marcus is? Write in your own words -- do not copy from the passage.

Answer: Being relentless shows that Marcus never gives up. Even when the work is exhausting and the conditions are dangerous, he keeps going without stopping. He puts the needs of others before his own comfort or safety.

8. The last line of the story says: 'Sometimes one determined person makes all the difference.' Name ONE specific thing Marcus did that proves this statement is true.

Answer: Marcus cleared a path to his elderly neighbor's door. That specific action could mean the difference between the neighbor getting help or being completely stranded and unreachable.

9. What is the AUTHOR'S PURPOSE in writing this story?

Answer: b) To show that one determined person can make a difference for others

3 NEW WORDS PREVIEW

10. Look at your 6 new words in the passage above. Which word BEST describes what Marcus did when he kept working hour after hour -- even when it was exhausting and dangerous?

Answer: persevere -- Marcus persevered through the cleanup even when it was exhausting and the conditions were dangerous.

11. A 'refuge' is BEST described as which of the following?

Answer: b) A safe place that protects you from danger or harm

12. Imagine a dangerous storm is getting worse outside. What kind of place would make a good refuge? Describe it in 1-2 sentences.

Answer: Open-ended. Accept any description of a safe shelter: a basement, a sturdy interior room without windows, a storm shelter, a reinforced building. Look for evidence the student understands that a refuge means safety and protection from danger.

WRITING

Step 1: Think of a time you had to keep going even when something was hard.

Step 2: Fill in each planning box before you write your paragraph.

Step 3: Write your full paragraph using your plan.

Prompt: Describe a time when you had to keep going even when things were difficult. Use at least 2 of your review words (treacherous, relentless, descended, scarce, resolved, debris) somewhere in your paragraph.

Sample answer / rubric:

Sample paragraph: Last winter, I resolved to shovel the whole driveway after the snowstorm, no matter how long it took. The work was relentless -- every time I finished one section, more snow fell to cover it again. The path to the sidewalk was treacherous under all the hidden ice. But I kept going anyway, shovel after shovel, until every inch was clear. When I finally finished, I felt like I had climbed a mountain. (Uses: resolved, relentless, treacherous -- 3 of the 6 review words.)

BONUS CHALLENGE

Your new word 'ominous' means giving a strong feeling that something bad is about to happen. Write ONE sentence describing something ominous that you might see, hear, or feel BEFORE a big storm arrives.

Hint: Think about the color of the sky, strange sounds, how the air smells, or the way animals act just before a storm hits.

Bonus answer: Open-ended. Accept any grammatically correct sentence using 'ominous' correctly OR any vivid description of ominous pre-storm conditions: dark churning clouds, eerie silence, the sharp smell of rain, animals disappearing, the air becoming completely still.
