

Session Plan -- Navon

Date: May 24, 2026 | Subject: Reading & Vocabulary | Topic: Vocabulary Review + Reading Comprehension + New Words Preview

ADMIN ONLY -- NOT FOR STUDENT

COACHING REMINDERS (READ BEFORE SESSION)

- Suspected IEP -- extra processing time always, no time pressure language ever, repeated explanations welcomed without comment
- Question-first protocol: ask Navon to underline what the question is asking BEFORE he writes or searches for anything
- Open every session with a 5-min warm-up review -- ask him to recall review words without looking; any recall is a win given the retention gap
- Chunk directions one at a time -- do not present Section 2 until Section 1 is finished
- Celebrate specific wins by name: 'You just found evidence in the text -- that is exactly what strong readers do'
- If he cannot recall the passage: read one paragraph aloud together before asking questions -- do not make this feel like a test failure

WARM-UP (0-10 MIN)

Ask Navon to name as many of the 6 review words as he can without looking (3 min). Then pick ONE word and ask him to tell you what it means in his own words and give a real-life example. Celebrate whatever he remembers -- retention gap means any accurate recall is a genuine win.

REVIEW (10-20 MIN)

Go through homework section by section. Section 1 (fill-in-the-blank, Q1-4): ask WHY that word fits in that sentence, not just what the answer is. Section 2 (comprehension, Q5-9): use question-first on every question -- have Navon underline what is being asked before searching the passage. Q7 and Q8 require inference, not direct recall -- go slow, accept partial answers, build toward the full response together. Q9 is multiple-choice -- talk through why each wrong answer does not work.

NEW CONTENT (20-40 MIN)

Introduce the 6 new words: illuminate, persevere, ominous, refuge, salvage, emerge. Read each definition aloud together. For each word, ask one grounding question: 'When might you

need a refuge?' 'What is something you had to persevere through?' 'Name something that feels ominous.' Do NOT quiz or test -- just build real-life connection to each word.

INDEPENDENT PRACTICE (40-50 MIN)

Writing prompt: Navon drafts his paragraph using at least 2 review words. Scribe if needed -- the cognitive work is the sentence construction and word choice, not the handwriting. Prompt him with: 'Tell me about a time you kept going even when something was hard.' Celebrate every review word used correctly by naming it: 'You just used relentless in a new sentence -- that is exactly how writers build vocabulary.'

WRAP-UP (50-60 MIN)

Name one specific thing Navon did well today -- be exact, not general ('You found evidence in the passage for question 8' is better than 'good job'). Preview next session: 'Next Sunday we are starting a new story with those 6 new words.' Optional send-home: spot any of the new words (illuminate, persevere, ominous, refuge, salvage, emerge) before next Sunday.

HOMEWORK ASSIGNMENT

Building on The Storm Survivor: vocabulary in context (Q1-4), reading comprehension (Q5-9), new words preview (Q10-12), writing prompt. Due Wednesday June 3. PDFs are in the student portal.

ACTIVE ALERTS

- [MED] IEP -- Parent conversation about evaluation still pending. Handle diplomatically if parent reaches out between sessions.
- [MED] Retention gap -- Always open with 5-min warm-up review. Track over time whether recall of previous session words is improving.
